BOSTON POLICE LOSE JOBS; 140 NEW MEN NAMED

Men Who Went On Strike Are Discharged For Neglect of Duty.

MOST OF NEW POLICEMEN ARE RETURNED VETERANS

Labor Leaders Plan Action To Restore Strikers to Positions.

Boston, Sept. 15.—A definite campaign to regain for the striking policemen the places now officially declared to have been lost because of the neglect of duty was expected to be inaugurated today. The action was expected to depend upon the result of a conference between union labor leaders and Police Commissioner Curtis. The commissioner, at the request of the union leaders, consented to the meeting on an unofficial basis but the labor men said they hoped to obtain from it an exchange of views which might be made the basis of negotiations.

The extent which the American Federation of Labor would support the fight for reinstatement and recognition as a union was in doubt today.

From New York where President Gompers has been directing the federation's interest in the Boston situation came word from one of his assistants there would be no general strike action.

The fact that the central labor union adjourned last night without calling a meeting in advance of its regular session next Sunday, was accepted as an indication that union leaders looked upon the fight as a long one, in which they would take action only after mature consideration.

This consideration it is understood will include the advice of President Gompers and other leaders of the federation who regard the question of police unions which were approved by the federation at its last convention.

Governor Coolidge, refusing President Gompers' demand for the removal of Police Commissioner Curtis, suggested that the police might have recourse to the courts if they felt their rights had been invaded by the commissioner's action in discharging the union leaders and declaring vacant the places of the men who left their posts. It is known that counsel for the policemen's union had considered and dismissed for the time being the matter of suing upon the courts, but whether the governor's suggestion will revive the proposal is uncertain.

The development of the new police force around the nucleus of regulars who remained on duty began today with the appointment of 20 patrolmen. The appointees, all of whom are war veterans and certain of whom are police commissioners having passed their examinations, reported for instructions in their duties and it was said at police headquarters that they probably would be placed on patrol for a day or two.

The civil service commission sent to Commissioner Curtis today a list of 139 names of men who have fulfilled its requirements. Of these 129 were veterans recently returned from service.

Commissioner Curtis will have approximately 1000 places to fill when the list of applicants qualified by civil service examination is exhausted.

The commissioner by ruling of the attorney general is authorized to complete his force by provisional appointment of any veterans of the army or navy who are residents of the city. The South Boston district, scene of some serious rioting during the early days of the strike, was disturbed again this morning when state guardsmen were stoned from a roof into the air. The investigation failed to disclose the persons responsible.

ENEMYALIENS MAKE ESCAPE

Seventeen Dig Way to Freedom at Fort Douglas—Tunnel Was More Than 80 Feet Long.

Salt Lake, Utah, Sept. 15.—Seventeen enemy alien prisoners escaped from the war prison barracks at Fort Douglas, near here, early today. Escape was made through a tunnel which had evidently taken months to construct.

According to Colonel George L. Bryan, commandant of the war prison, nearly all of the escaped prisoners had been interned because they were classified as "undesirable."

Reports from Ogden said several suspects had been rounded up by the police there, but none yet identified as fugitive from the war prisoners.

The tunnel through which the men made their escape extended for 30 feet beyond the wire enclosure of the compound and was dug six feet below the surface.

LOWER TEXAS ESCAPES FROM GREAT STORM

Brownsville, Texas, Sept. 15. (Via Army Radio to the A. P.)—Brownsville suffered no material damage from the high winds that accompanied the tropical hurricane that touched the Texas coast early Sunday. The hurricane apparently did not hit the lower coast country.

High westerly winds which attained a velocity of from 4 to 50 miles swept the lower Rio Grande valley, causing some damage to light frame buildings but the hurricane proper, weathermen here believe curved out into the Gulf again when it reached the coast near here.

Rear Admiral A. P. Niblack.

The order of grand officer of Omnisian Alouite has been conferred upon Rear Admiral A. P. Niblack of the U. S. navy by the sultan of Morocco in recognition of Admiral Niblack's services on the Atlantic coast of Morocco and in the Mediterranean.

EXPECT TEST OF VOTING STRENGTH ON TREATY SOON

Senate Takes Up Document First of Kind To Be Debated Publicly In Nation's History.

Washington, Sept. 15.—Consideration of the German peace treaty began this afternoon in the senate. It was called up by Chairman Lodge of the foreign relations committee and became the first great document of its kind to be discussed in the senate in the full light of publicity.

To expedite consideration of the lengthy document it was planned to dispose with the formal "first reading," and consider the treaty article by article. It was believed probable, therefore, that a test of voting strength would be reached the first week on the foreign relations committee's amendment to Article 3 providing that the United States shall have a vote in the assembly equal to that of any other nation. Action on this amendment aimed to equalize the voting power of this country and Great Britain in the assembly will be regarded by many as an index of the fate waiting the more than two score other amendments.

Meanwhile negotiations are to be continued between the "mild" and "drastic" revisionists to a view of reaching some agreement before the question of ratification is taken up after consideration of the treaty article by article has been completed.

ITALIANS SEND GENERAL TO FIUME

Heroic's Action Causes Government to Take Prompt Action to Avoid Conflict in Adriatic.

Genoa, Sept. 15.—Gabielle D'Annunzio, supported by the forces of Arde, which accompanied him into Fiume, has proclaimed a union of Fiume with Italy, according to advice received by the Serbian press bureau here from Belgrade.

Fiume was plunged into anarchy, advises declare, when the brigade of Italian troops which previously had been ordered to the city returned without officers, ejected the local authorities and arrested the Italian General Pittaluga.

The British and French troops in Fiume barricaded themselves within their quarters, expecting to be attacked, while the crowds in the city tore down the allied flags. The Serbian authorities, it is added, still remain in the suburb of Susak, which is isolated.

Paris, Sept. 15.—General Radoglio, deputy chief of the Italian army, who has been given broad powers to meet the situation which has arisen in the Fiume incident to the entry of the city by Captain Gabriele D'Annunzio at the head of a large force of irregular troops, arrived at Fiume accompanied by General Anfossi.

Rome, Sept. 15.—General Bagoglio, deputy chief of staff of the Italian army, is on his way to Fiume armed with full powers to cope with the serious situation that has arisen there since Captain Gabriele D'Annunzio, the Italian poet-aviator, led forces variously estimated to number from 2,300 to 12,000 men into that city last week.

According to latest advices Captain D'Annunzio is still in Fiume. Detachments sent by General Anfossi, commander of the Sixth army corps to disarm Captain D'Annunzio's men have refused to obey orders. This according to a statement made yesterday by Premier Nitti, was "sedition," the premier adding that he was "determined to act in a manner that would avoid grave conflict."

Reinforcements for Captain D'Annunzio's forces are said to be marching on Fiume, parts of the Sixth artillery regiment and a cyclist corps being reported near the city.

General Ferrari, commanding the Italian troops on the Adriatic line, has been ordered to prevent the forces from joining D'Annunzio.

UNION LEADERS DENY STRIKE IS TO BE POSTPONED

No Indication of Delay Until After Labor Conference With Wilson.

MEET WEDNESDAY TO PLAN DETAILS OF BIG WALK OUT

Gompers Refuses to Comment On Report That Strike Is Postponed.

Pittsburgh, Sept. 15.—Union leaders here in the movement to organize iron and steel workers said today they had no information that the proposed strike in the steel industry would be deferred until after the industrial conference in Washington, October 6.

William Z. Foster, secretary treasurer of the national committee for organizing iron and steel workers, said he knew nothing of a postponement. The announcement calling the men out next Monday was issued in Washington last Wednesday.

The national committee will meet here next Wednesday to consider plans for the proposed strike. It was suggested here that the information from New York might have been anticipatory of an effort at Wednesday's meeting of the national committee to postpone the strike.

Washington, Sept. 15.—President Gompers of the American Federation of Labor on his return here today absolutely refused to make any comment on the report that the strike of steel workers set for September 22 had been postponed, or on the situation in the Boston police strike.

There was much evidence at federation headquarters that the steel strike had not been called off. Labor officials pointed out that the representatives of the 24 unions involved would meet at Pittsburgh on Wednesday and that only by their action there could be a cancellation of the strike call itself.

Whether President Gompers or other officials of the federation would throw their influence into the direction of a temporary postponement at that meeting, it was said, was still an open question.

FIRE CAUSES LOSS OF TWO MILLIONS

Half Million Dollars Worth of Oil Consumed in Spectacular Fire Which Burns for 48 Hours.

New York, Sept. 15.—The spectacular fire which since Saturday afternoon has burned at the plant of the Sone & Fleming company on Long Island City, with injury to more than 50 persons and property damage running into the millions, was gradually burning itself out today.

Although officials of the fire department said that the blaze was well under control, it still was burning briskly and promised to continue for two or three days until the thousands of gallons of oil in the path of the flames had been consumed.

Herbert L. Pratt of the Standard Oil company, of which the Sone & Fleming plant is a subsidiary, said after a survey of the ruins that the property damage would be "more than \$2,000,000." About \$500,000 of this sum is said to be represented by oil consumed in the fire. As nearly as could be ascertained with the fire still raging 26 of the company's large oil tanks have been destroyed.

Shortly before nine o'clock another naphtha tank blew up shooting into the air a great column of smoke. Six tanks are still on fire but the conflagration is under control.

Since the outbreak of the fire Saturday 300 firemen have been treated for blistered feet caused by the blazing oil penetrating their rubber boots. Red Cross workers served coffee, sandwiches and cigarettes to the fire fighters.

Deputy fire chief Maher said the fire was the biggest one he had ever fought in his 35 years experience and that he expected it to continue for at least two more days.

TROPICAL STORM MAY EXHAUST SELF IN MEX.

Dallas, Tex., Sept. 15.—Efforts were renewed today to restore wire communication with Brownsville and Corpus Christi, Texas, two points believed to have received the brunt of the tropical hurricane that yesterday swept inland along the lower Texas coast and then moved on to Mexico, where whether bureau officials believe it will expend itself in the Mexican mountains.

The last direct report from Corpus Christi, received late yesterday afternoon said that the wind had attained a velocity of 50 miles an hour and that weather bureau officials admitted the situation was "serious."

Numerous coast cities visited by the storm including Galveston early today reported heavy property damage but no fatalities.

MISSING STEAMER SENDS SIGNALS Havana, Sept. 15.—Loud and clear wireless signals from the Italian steamer Vulcanera, which is six days overdue were received by the United States wireless station at Key West at midnight last night. The location and condition of the ship which had ridden the terrible tropical hurricane were not given. There were 300 passengers on board the vessel.

El Paso, Mex., paid \$5,000 for release of J. W. Smith, American, and E. Monson, Swede, who were taken from a train near Chihuahua City.

CRAPSHOOTERS "FADED" BY TROOPS IN BOSTON COMMONS

State troops marching crowd of craps shooters, with "hands up," from Boston commons to headquarters, and troops drawn up at street intersection in heart of city ready for emergencies.

Failure to have a few "Paul Reveres" stationed with the state troops proved the undoing of craps shooters who started a score of games in the commons at Boston during the police-strike riots. The gamblers took advantage of the absence of police to use the commons. The soldiers took them by surprise and marched the whole group to headquarters. The city

was placed under martial law following looting of stores and homes after the police walked out, demanding more pay.

LIGHTNING BOLT WRECKED GERMAN STATUE WHILE HUNS RETREATED

Strasburg, Aug. 21.—(By Mail.)—It has become known only recently, that the huge statue of Germania, which stands in the public square here commemorating the victory of the Prussians in 1870 and the foundation of the Empire of the Hohenzollerns was shattered by lightning in August, 1918, when the Allied armies were driving the Germans before them all along the western front. The stroke of lightning now regarded as symbolic of the approaching fate of the German armies caused consternation among the superstitious Germans and their authorities here decreed that absolute silence be kept regarding it. No one was allowed to see the monument thereafter except workmen who were at once employed to repair it.

The lightning struck the sword which "Germania" brandishes toward heaven. The Imperial Eagle was damaged and the Angel of War, which stands at the foot of the statue was wrecked. Despite the repairs, traces of the effect of the thunderbolt still are visible.

GIRL HIT; CAR SPEEDS AWAY

Child Seated On Curb Is Rendered Unconscious While Driver Makes His Escape.

Although neighbors called to him and a stone was thrown through the windshield, the driver of a car having a license tag issued to C. M. Neldon of Granville refused to stop after he had struck a five-year old girl.

The accident happened on Sunday afternoon in St. Clair street. Little Virginia Meyers, daughter of Mr. and Mrs. J. E. Meyers, was sitting on the curb in front of her home. The machine turned into St. Clair street, and on the right side of the street, the child was on the opposite side of the curb.

The parents were told that the driver let go of his steering wheel, and moved over in the car to close a door of the machine. The machine swerved across the street striking the child, and rendering her unconscious. He then grabbed the steering wheel and pulled the car around and started up the street.

Neighbors who saw the accident went to the assistance of the child, while others endeavored to stop the car. He was called to and the machine was chased until the license number was obtained.

Dr. W. E. Nye was called, and attended the little girl. While no bones were broken she was seriously bruised over nose and face are cut and bruised and she struck the back of her head in falling. Her entire body is covered with lacerations and bruises.

The police department was notified. The records show the car belongs to C. M. Neldon of Granville.

PEACE ENVOYS MAY DELAY BULGAR TREATY

Paris, Sept. 15.—(Havas.)—Great importance is attached by newspapers here to today's meeting of the supreme council of the peace conference which will be attended by Premier Lloyd George of Great Britain and Foreign Minister Tittoni of Italy. Because of recent events, it is stated, the holders of the Bulgarian treaty, the delivery of which may be delayed until later in the week.

DISCHARGE STRIKING SHIPYARD WORKERS

New York, Sept. 15.—Thousands of shipyard workers who quit work in Brooklyn, Staten Island and New Jersey yards last Saturday noon in attempt to enforce a demand for a Sunday half holiday found themselves discharged when they reported for work today. At the Morse Drydock and Repair company plant 625 men who participated in the week end strike were told that their services were no longer required. Two thousand men were reported out at the yards of James Sheehan and Sons and 1,300 at the Tebo Yacht yards. Similar actions were taken at the other yards. Discharged workmen have started picketing at some of the yards.

OHIO'S OLDEST MASON IS DEAD

Captain O. W. Brown, Member of the Masonic Lodge For 62 Years, Dies At Home Near Thornville

Captain O. W. Brown, 83, veteran of the Civil War, one of the oldest residents of Jackson township and said to be one of the oldest Masons in Ohio, died Sunday night at 9:15 o'clock at his home two miles south of Jackson, Ohio. His death following an illness of only a few hours. He was seized with a chill about 4 o'clock Sunday afternoon and his condition grew rapidly worse until death came. He had been in his usual good health, relatives said.

Captain Brown was born August 18, 1836 at Thornville. He enlisted early in the Civil War as a private, was soon made first lieutenant and later promoted to the rank of captain.

He was for many years a member of the Fairmount Presbyterian church and had been a member of the Masonic lodge for 62 years. He has been a farmer all his life.

His widow and one daughter, Mrs. Charles Brown, of Thornville and three grand children survive. Captain Brown was the last of his family.

Funeral services will be held Wednesday morning at 10:30 o'clock at Fairmount church. Burial will be made in the cemetery adjoining the church. The family requests that no flowers be sent.

ODD FELLOWS GRAND LODGE OPENS SESSION

Baltimore, Sept. 15.—The sovereign grand lodge, Independent Order of Odd Fellows, opened its annual meeting here today in connection with the centennial celebration of the order, which was founded in Baltimore.

The affiliated branches of the organization, among them being the Association of Labeled assemblies, began their yearly session at the same time.

Governor Harrington and Mayor Broening will officially greet the visitors at the Lyric theatre this evening with addresses of welcome.

GERMANY BOOSTS RATE FOR WIRE MESSAGES

Berlin, Sunday, Sept. 14.—In conformity with its policy to tax everything to the utmost limit the government has announced that beginning tomorrow foreign telegraph rates will be advanced 150 percent. This is in spite of the fact that service has been very bad and it has been necessary usually to wait three or four days for urgent service which has even then been slow and unreliable. The decision chiefly concerns foreign correspondents, who must now pay 25 instead of 10 marks for a telegram to Denmark and Switzerland; 25 to France and Sweden, 40 to Norway, 45 to Italy, 50 to Finland, 110 to Spain and 150 to Portugal. The ministry of posts and telegraphs, which is responsible for the order, has found the plan is unpopular with other branches of the government which realize correspondents will be forced to reduce the amount of information about Germany which they telegraph to the world's newspapers.

M'CUMBER ASKS SENATE TO KILL AMENDMENTS

Republican Senator Declares They Are Dishonorable and Selfish

DECLARES AUTHORS SEEK TO ISOLATE UNITED STATES

Says He Objects to Manner In Which Reservations Are Asserted.

Washington, Sept. 15.—Rejection of all proposed amendments to the German peace treaty and modification of the recommended "strong" reservations was urged in an individual minority report filed with the senate today by Senator McCumber, Republican, of North Dakota, next in rank on the foreign relations committee to Chairman Lodge. Senator McCumber did not join in the recent Republican majority report and voted with the Democrats on amendments and several reservations.

Attacking the majority report of Chairman Lodge, Senator McCumber denounced most of the majority amendments as "selfish, immoral and dishonorable" and charged that they seek to "isolate the United States from the rest of the world and abandon our allies." "The substance of some of the proposed reservations," Senator McCumber's report declared, "there can be no serious objections, but against the manner in which they are asserted, I do most earnestly protest. They are couched in a defiant, discourteous and overbearing manner and seem intended to express a jingoistic spirit that ought to be eliminated from American statesmanship."

Scoring the committee reservation to Article X of the League of Nations covenant, Senator McCumber said it really is an amendment "pure and simple" and designed to make the United States "entirely out of the league."

Special opposition was expressed by Senator McCumber to the proposed amendment to the Shantung provisions by the amendment that Japan would be "kicked out" of the league by the United States and Shantung possibly lost to China.

Calling attention to what he termed the failure of the committee majority to explain the purpose of the league, Senator McCumber said:

"Not one word is said, not a single allusion is made, as to the purpose of the league or the methods by which those purposes are to be accomplished. Irony and sarcasm have been substituted for argument. It is regrettable that the animosity which centers almost wholly against the league should have been engendered against a subject so important to the world's peace. It is regrettable that the consideration of a matter so foreign to partisanship should be influenced by hostility towards or subservience to the President."

Analyzing the amendments Senator McCumber said that the amendment to give the United States equal votes in the league with England and the British colonies "was unnecessary." The plan of giving each member nation one vote without regard to size.

CAR RECOVERED THIEF ARRESTED

Soldier In Uniform Admits Taking Buick Touring Car From Columbus—Sheridan Locates the Machine.

The Buick touring car owned by Will Schrock was stolen in Columbus Saturday night and Chief Sheridan received a message at 10:35 to be on the lookout for it as the machine passed through Newark. Chief Sheridan immediately called all the operators in the telephone offices of the nearby villages to be on the lookout and to notify constables and marauders.

Sunday morning at 11:45 o'clock Chief Sheridan received a call from Fred Shimmel at Alexandria stating that an abandoned Buick car had been found on one of the streets of the town. Sheridan phoned Schrock who went to Alexandria with the chief and drove the car back to Columbus.

At 3:30 o'clock in the afternoon, just as Chief Sheridan returned, he received a call from Johnston that two soldiers and a sailor were in the railroad yards evidently waiting for a freight train and that they had been seen earlier in the day in a Buick car. Chief Sheridan and Patrolmen Wm. Hinger and Edward Hurlough went to Johnston and brought the young men back. The soldiers claimed to be John O'Connor of Youngstown, and P. Smith of Cambridge, Mass., while the sailor stated that his name was George Smith. One of the soldiers confessed to taking the car and they were sent back to Columbus to answer to the charge.

BUSINESS MEN'S CLASS TO OPEN

Y Season Will Start With First Meeting of Busy Men at 5:15 Tuesday Evening.

The new class for business men in the gymnasium at the Y. M. C. A. will meet for the first session tomorrow night at 5:15. Secretary Griesser who has had considerable experience with business men in the gymnasium, promises a type of reconstructive exercise that should interest every business man who fails to take any systematic exercise. The exercise that Mr. Griesser leads his class through fills them with pep and punch and they leave the gym with the tingling sensation that follows every workout of an all-around program of systematic exercise.

Light group games will be introduced from time to time, also medicine ball, baseball and volley ball. The value of these minor games are not to be underestimated in a well rounded schedule of gym work.

Mrs. Griesser having the experience of several seasons with Mr. Griesser as pianist has volunteered her services to make the class the most popular in the Y. M. C. A. Any one who is familiar with the requirements of a gymnasium pianist will understand that the position is a most difficult one to fill.

The men who join the busy business men class starting tomorrow night and continuing every Tuesday and Thursday night will get the benefit of an experienced physical director and the benefit of an experienced gymnasium pianist.

M'CUMBER ASKS

(Continued From Page 1)

or importance was the only possible plan. The senator argued, adding that to all intents and purposes the British colonies are independent.

Senator McCumber said his only objections to the league reservations on withdrawal from the league was of form and to the League reservation on Article XX. Senator McCumber said he had many objections.

"First, it is an amendment pure and simple," he said, "of the most important article in the league. Its purpose is to take the United States as a power for the peace for the world out of the league entirely.

Second, it places this country in a false and wrong position, an attitude of encouraging powerful countries to inflict or impose any wrong upon weaker nations, by our declared policy of non-intervention."

With his report Senator McCumber submitted the six reservations to the committee. These recently were made public.

DENOUNCES SENATORS WHO OPPOSE TREATY

Washington, Sept. 15—Denouncing senators whose insidious declarations poison the public mind against the German peace treaty and the League of Nations, Senator Jones (Democrat) of New Mexico, speaking in the senate today said if the foreign relations committee majority were adopted the treaty as well as the league covenant would "fail."

"If we ever have a separate treaty with Germany," he declared, "it would be negotiated and not victorious treaty. The United States will not participate in restoring and preserving peace and bringing order out of the world's chaos.

"The selfish motives which have inspired this league are sufficient for all the sacrifices and efforts which we will be called upon to make in carrying out its provisions."

Senator Jones said in his opinion the reservations proposed by the committee were unnecessary as ample protection was afforded by the terms of the treaty. Article X, he continued, is a declaration to the world that war for conquest shall end and that this declaration will be supported by the combined power of all the other members of the league.

"In my humble judgment," he added, "if this covenant is entered into, wars may possibly occur, but such occurrence will be exceedingly improbable. If it should be thought advisable to safeguard the rights of congress as to Article X, it might easily be done by instructions to the representative of the United States in the council and no reservation is necessary to that end."

Regarding the Monroe Doctrine, the senator said its validity was recognized by the treaty while as to the reservation for the proposed reservation relative to the right to withdraw from the league, he declared, President Wilson's interpretation as given to the foreign relations committee at the recent White House conference was "published throughout the world and not a suggestion against it has come from any source."

Calling attention to "unsavory" conditions in Mexico he said, "it is doubly growing more intolerable." Senator Jones declared no greater agency could be conceived for the purpose of bringing about peace in Mexico without war than the establishment of a League of Nations.

With the supreme council established under the League of Nations, he said the Mexican situation would probably be brought to the attention of the council and he had no doubt that the processes authorized by the covenant would be effective.

ELKS TO COMPLETE PLANS TO ATTEND BIG MEETING

A meeting of the committee on state reunion will be held this evening at the Elk hall to complete arrangements for the parade in Columbus Thursday. The local lodge will be accompanied by the Buckeye band and it is expected that over 150 members of Newark lodge will be seen in line. Sergeant-at-Arms Harry D. Hale of this city will have charge of the parade, which will be one of the largest ever held at a state reunion. Newark headquarters will be at the Dasher Hotel where open house will be kept and will be in charge of a reception committee of which Byron Dickerson, Clem Cole, Dr. J. T. Lewis, James Irwin, R. L. Rhodes and others are members. The Newark contingent in line will be looked after by Exalted Ruler Mandel Brashers.

Twenty-one American women will receive medals according to the latest list of citations announced by the French government.

NO DECISION TO BUILD SHOP IN ZANESVILLE

Recently a B. & O. railroad official made a statement at Zanesville stating that Zanesville had been assured of locating there of a steel car construction plant.

The Chamber of Commerce today has authoritative correspondence from the B. & O. which states that they know of no such decision and that no arrangements have been made to locate the steel car plant in Zanesville.

URGES PROMPT SOWING AFTER TREATING WHEAT

A number of complaints were received at the farm bureau last fall that wheat did not come up well after treating the seed with formaldehyde for smut prevention. In most cases this was due to failure to follow direction in giving the treatment. County Agent Mowls, said Monday. In a majority of the cases the treated seed was kept several days before sowing. Prompt sowing will prevent killing the germ, he said.

It is recommended that wheat be treated in small lots only and sown as soon as possible. After being covered from 2 to 2 1/2 hours, no longer. It may be treated in the evening and sown the next morning. It is a good idea to treat in the evening what you can sow the following forenoon and in the morning what can be sown in the afternoon. Small lots are more easily and thoroughly treated and there is less danger of loss in case of bad weather should delay seeding. The farm bureau expects to put on demonstrations where they are wanted.

WILL TELL WHY MEN CEASE TO LOVE WIVES

"Not upon the crest of our hate will a new civilization be ushered in; but upon the tidal wave of our love and passion for men. Not by hate of Germany will our visions come true; but by love of God and humanity and right."

The demand of the hour is for sacrifice and service. The man who is neither giving nor doing today is an ignoble weakling," so said J. Aspinwall McCuaig in his address delivered in Newark yesterday.

Tonight at 8 o'clock in the First Baptist church, he will deliver the first of his popular lectures on marriage. His subject will be "Why do men cease to Love Women After Marriage?"

At 9:15 o'clock tonight in the Y. M. C. A. auditorium Mr. McCuaig will deliver a special lecture to men on "Trial Marriages and Lateral Marriages, and the Teaching of the Scriptures and Biology in regard to Polygamy." This will be a discussion of the arguments in favor of polygamy in view of the fact that there are in Europe today seven women to every marriageable man.

Tomorrow afternoon at 2:30 o'clock in the First Baptist church Mr. McCuaig will give the second of his lectures to women, when he will speak on "Polygamy From Women's standpoint."

Yesterday afternoon a large audience of men gathered in the Y. M. C. A. auditorium to hear Mr. McCuaig in his lecture on social problems out-reaching from war conditions. Secretary Lender of the Y. M. C. A. conducted a hearty song service, after which the speaker of the afternoon was introduced by Senator J. Henry Miller.

Without any preliminaries the lecture jumped into his subject "War Factors, Illegitimate Children, and Changes in Marriage Standards the Results of the War."

Dr. McCuaig said it was an impossibility to properly take care of the hundreds of thousands of war babies both in this country and abroad by treating and caring for them as orphans. They will have to be taken into the Christian homes of the nation and treated with loving care. Environments and training will without question make these unfortunate children valuable men and women of tomorrow, he said.

In the discussion of the problem of repopulation, a graphic estimate was made of the effect of the war on birth chances.

It was shown that the probable shortage of children in Canada alone will run into tens of thousands. This to a population of less than 10,000,000 people. The world shortage will run into millions and millions.

The effort to provide for this shortage of children by unnatural ways, such as by phases of polygamy or by any form of human breeding under national control was shown to be disastrous to national well-being.

The fostering of family life, with a full complement of children, reinforced by necessary by national financial provisions, was declared to be the only effective solution of the problem.

CANADIAN TANK CORPS VETERAN RE-ENLISTS

James E. Gray of Lancaster, a veteran of the world war, who served with the Canadian tank corps in Europe, enlisted Saturday in the construction division of the quartermaster's corps for service in the United States. Sylvester Harris of Utica, son of a retired preacher, enlisted in the cavalry branch of the service for duty on the Mexican border.

MRS. PATTERSON IS PLACED UNDER BOND

In the case of Ohio vs. Mrs. Lola Patterson heard Saturday afternoon in Justice Horton's court, the defendant was bound over to the court of common pleas in the sum of \$1000. Mrs. Patterson is charged by John Wise father of Daisy Wise with administering a drug that resulted in the girl's death, it is said.

A. L. THOMAS GOES TO CLEVELAND TO WED

A. L. Thomas, former proprietor of the Grand theatre, left for Cleveland today. On Wednesday noon at the Broadway Methodist Episcopal church Mr. Thomas and Miss Rachel Jones of Cleveland are to be married. Mr. George Thomas, who is here from Port Huron, and Col. W. C. Wells will go to Cleveland tomorrow to attend the wedding.

GAMBLES LOAN PLAYERS WHO BEAT TEAM MATES

Players loaned by the Gamble team to fill out vacancies in the Black Hand team for the game Sunday, were instrumental in defeating the Gamble team in the first game of a double-header played at Black Hand. Woodward and Neishbarger were the players who defeated their own teammates. In the sixth inning of the game, with two on base, both Neishbarger and Woodward got hits that resulted in four runs and a victory for Black Hand. The score was 6 to 2.

In the second game which was abbreviated to five innings, the Gamble team won by a score of 1 to 0.

With the double header won by the Gambles several weeks ago, Sunday's results made a record of three games out of four with the Black Handers. Sunday's scores:

Gambles 1 0 0 2 0 0 0 2—5 8 2
Black Hand 0 0 0 0 4 0 0 2—6 8 2

Second game:

Gambles 0 0 0 0 0 0 0 1—1 3 0
Black Hand 0 0 0 0 0 0—0 1 2

"The good that men do lives after them," rejoiced the optimist. "The evil doesn't always die, either," growled the pessimist.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's
Vegetable Compound
Is Prepared For
Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's use.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

Hicks-Shively.
On Saturday evening at 8 o'clock at the home of Mr. and Mrs. S. E. Sutley in Ninth street, the marriage of Miss Grace L. Shively and Mr. Ewing Hicks of Monaca, Pa., was solemnized.

The bride has been making her home with her sister, Mrs. Sutley, and the marriage service was read by Dr. L. C. Sparks, pastor of the First M. E. Church. There were no attendants.

The bride is the daughter of Mr. and Mrs. M. M. Shively of New Brighton, Pa., and Mr. Hicks is accountant for the Jones-Laughlin steel company of Pennsylvania.

Miss Lillian Lindrooth entertained with an informal party at her home in Hudson avenue on Saturday. The decorations were arranged with garden flowers and the following were guests: Misses Thelma Mazey, Martha Grace Miller, Virginia Warner, Dorothy Swisher, Eleanor Johnson, Nelle Morse, Madeline Daxley, Virginia Miller, Elizabeth Kibler, Gladys Lindorf, Cornelia Ellis, Marian Montgomery, and Helen Fuller.

Taafel-Anderson.
At ten o'clock, Monday morning at Trinity Episcopal church the wedding of Miss Mary Engenia Anderson and Mr. William Miller Taafel was solemnized.

The arrangements were marked by simplicity and the bride and bridegroom were unattended. The double ring ceremony was read by the rector, Rev. L. P. Franklin, in the presence of the immediate families. The bride wore a traveling suit of brown chevron cloth with hat to harmonize and the bridal bouquet was a corsage of bride's roses and swansons.

The bride is the daughter of Mr. and Mrs. William H. Anderson. She graduated in 1917 from Denison university and last year taught in the high school at Patakska. Mr. Taafel is employed at the First National Bank and recently returned from France where he saw service with Battery C 134th F. A. of the 37th Division. Immediately following the ceremony, Mr. and Mrs. Taafel left for a trip north.

Miss Mary Kibler of Granville street left for Oxford this morning to attend school. Miss Elizabeth Kibler will return to her studies at Wellesley, Mass., next Thursday.

Miss Helen Norpell of Granville street expects to enter school at Abbott Academe, Andover, Mass., this month.

**HOLSTEIN BREEDERS
HAD FINE EXHIBIT**

As a result of efforts of the Farm Bureau the following Holstein breeders exhibited at the fair.

Allen McClelland showed seven head of fine cattle taking four firsts and two seconds. He was handicapped by not being able to enter in all classes due to lack of a herd breeder. He showed no bull.

Denzil Lees has seven head taking two sweepstakes, two firsts, and three seconds.

There were only two herds present and the competition was keen in practically every class.

S. S. Finney took second on his bull.

W. P. Flowers took a first and sweepstakes on his bull.

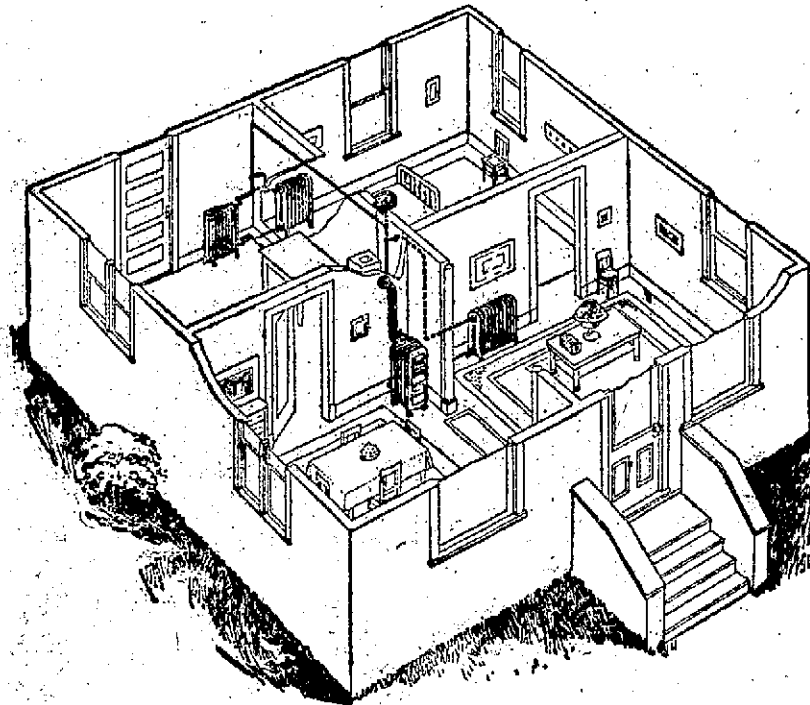

The barn was well decorated with signs, posters, etc., boosting the breed.

"Mac" McClelland was kept busy passing out Holstein literature and lauding the breed.

NEW WAY of Heating \$99

World's Greatest Invention

Simple way of heating a four-room cellarless cottage by IDEAL-Arcola Radiator-Boiler and three AMERICAN Radiators

Easy heating of a cellarless office building by our IDEAL-Arcola Radiator-Boiler and two AMERICAN Radiators

New IDEAL-Arcola Radiator-Boiler

Puts IDEAL Hot Water Heating comfort at low cost in cottages and stores, with or without cellars; heats each flat separately, etc.

The IDEAL-Arcola takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL-Arcola conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL-Arcola does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Shipped complete ready for immediate operation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL-Arcola and later on buy extra sections for the IDEAL-Arcola and two or three more radiators to warm other rooms.

Cleanly heating—healthful heating—free from fire-risk

Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers soft, radiant warmth—not the dry, burnt-out atmosphere of stove heating. There is no fire-risk to building—no danger to children—burns hard or soft coal or coke—fire lasts for hours! The Arcola changes a house into a cozy home! Buy it NOW, at today's attractive figure.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today

A NUTSHELL ARGUMENT.

It is not often that within the span of one day congress can furnish not only one of the best nutshell arguments for the League of Nations as insurance for a permanent world peace, but also evidence to make an American's heart beat faster through pride in his nation's achievements in the conflict to make further world upheavals impossible.

Senator Harris of Mississippi furnished the first, and the eulogies on the American navy, delivered while the House of Representatives was passing the bill conferring the rank of full admiral on Rear Admirals William S. Sims and William S. Benson, was the second.

"If the treaty of peace, with the League of Nations covenant included shall be adopted," said Senator Harrison, "the merciless murder of men will be minimized, the wanton destruction of property stopped, the heavy burdens of enormous taxation lightened, and the stability, peace and happiness of the world made secure."

"I am strengthened in that conviction when I recall that the total battle deaths of all nations in this war were greater than all deaths in all the wars of the previous 100 years."

"The total battle deaths amounted to 7,450,000."

"From 1793 to 1914 the battle deaths amounted to 6,000,000."

"The American battle losses in this war were 50,000 killed and 235,000 wounded."

"The Russian battle losses were 34 times greater, the German losses 32 times greater, the French 28 times greater and the British losses 13 times greater than those of the United States."

"The direct cost of the war to the United States up to the end of April, 1919, amounted to \$21,500,000."

"The figure is 20 times the pre-war national debt. It would have paid the entire cost of our government from 1791 up to the outbreak of the war."

"Our expenditure in this war was sufficient to have carried on the Revolutionary war continuously for more than 1,000 years at the rate of expenditure which that war actually involved."

"From April, 1917, to April 1919, the war cost the United States more than \$1,000 an hour."

"Treasury disbursements during that period reached a total of \$23,500,000,000."

"The pay of the army during the war cost more than the combined salaries of all the public school principals and teachers for a five-year period immediately preceding the war."

"The national direct war cost amounted to around \$186,000,000,000."

"It is to prevent the recurrence of these incidents and these conditions that a League of Nations is desired."

In passing the bill conferring the highest naval rank upon Rear Admirals Sims and Benson, Republican representatives took occasion to pay tribute to this phase of President Wilson's successful handling of America's part in winning the world war.

"When we honor them (Benson and Sims) we recognize the whole navy, which has come out of this war with the well deserved reputation of having shown itself the most competent naval force in the world," said Representative John A. Peters of Maine, Republican.

In speaking of Admiral Benson's work, Representative Peters gave some

intimate details of the placing of a barrage across the North sea from Scotland to Norway, an American scheme that eventually stopped the German submarines in further attempts to get into the Atlantic through their favorite channel. This barrage, he said, was perhaps the greatest naval material activity of the whole war; it was the boldest, most hazardous and best executed enterprise of the kind ever attempted, and it was successful.

ONE KIND OF "AMERICANISM."

We are a trifle tired of hearing certain leaders boast of their splendid Americanism. It has been going on now for many months. These self-appointed, divine-right leaders never miss an occasion to inform the country of their sterling patriotism of the present and of the war days. We have let it pass without comment, but judging by performance rather than by oratory we sometimes wonder why it is necessary to proclaim one's patriotism daily unless there is reason to doubt it.

Now the fact is that during the war these leaders could not openly attack President Wilson. So they first selected Secretary Daniels. Nothing was too severe, too bitter or too partisan for them to hurl at the Secretary of the Navy, one of the most important personages in the President's cabinet. And this was in the midst of a great world war. But Daniels made good so completely and convincingly that the attack was shifted to another point—Secretary of War Baker. The attack on Baker was vicious; it was almost unparalleled in American history. It had never before happened in time of war, let us hope that it will never happen again.

Secretary Baker directed the great war machine, built by America in the shortest time such a force was ever organized in the history of the world. The forces of industry, of every resource were organized. Men were trained and sent abroad and they arrived, two years before the most ardent expected them, and they won the war. Secretary Baker made good so thoroughly that the attack was again shifted.

No one is so dense as not to know that the real object of attack was the President. The G. O. P. leaders claimed then that it was there sterling Americanism that provoked the attacks. Was it, we are impelled to ask? Was it patriotic? Was it standing by and supporting the President? Was it to the best interest of this nation when the whole world was in the gravest danger from the Hun. Just think it over.

With the war over and American arms victorious, they turned to President Wilson and have continued their attack on him ever since. The obstructionists are now attempting to destroy the peace treaty, they are delaying peace and in the end will probably throw America on the brink of war with an oriental power. Why? They call it their splendid Americanism but the people at large know it to be something else; they see it plainly as a continuation and growth of the anti-Wilson feeling in the G. O. P. leadership which they expect to capitalize into control of the White House and Congress in 1920. No one who flows the trend of political affairs can fail to see that with the Republican leadership nothing else matters save the winning of the offices in 1920. And the temper of the American public will soon reach the point that will sound the death knell of the Republican party leadership that no longer is in sympathy with the rank and file of the party nor with the ideals of the party as a whole.

HERE'S A HINT.

The majority leadership of the United States Senate is willing to dip into every other nation's affairs and grant freedom to any dissatisfied section or element, but when it comes to our own Philippines who want independence, they refuse it. If the Filipinos want their independence favored by Senator Lodge and his fellow Republicans they should get President Wilson to oppose it.

In these times of unrest and disturbance, it is little use to argue with some people. But at least you can sympathetically offer them a bag of cracked ice to put on their heads.

As some merchants blew in \$2.75 on handbills several years ago and did not get any appreciable returns, they think they have demonstrated that advertising doesn't pay.

Government operations on the railroads, and a surgical operation on one's appendix, seem to have results somewhat similar as respects the pocket book.

RAMPANT HOODLUMISM.

(Cleveland Plain Dealer.)
Not bolshevism or any other politicalism is in the remotest way responsible for the reign of lawlessness in Boston. It is merely an outbreak of hoodlumism. Hoodlumism has in all large American cities. Hoodlumism is cowardly, and is held in control by small police forces which are armed with the power of the law. With this control removed hoodlumism sinks out of its mews and alleys, and finding the way to the streets, it asserts its strength. If the first trial shows any real power of sheer numbers the thugs and loafers arrogantly assert their supremacy. This is what has happened at Boston.

The strike of the police found the city unprepared to meet a dangerous emergency. The chief of police, who had been in the city for some time, had no real power. He was a man of no account, and he was not respected by the police. He was not respected by the police, and he was not respected by the police. He was not respected by the police, and he was not respected by the police.

A MIXED OUTLOOK.

(By Henry Clews.)
The financial situation is much confused by the combination of new and great uncertainties. While there are every reason for hope regarding the future, the present crowded with difficulties demanding ability, courage and patience for solution. These problems primarily depend upon ratification of the peace treaty, the labor problem, cost of living, the railroad question, the course of foreign exchange and the development of our export trade. Because of these tendencies and the serious unrest created by war, none of these questions can be solved in the easy ways of old; and new trails have to be blazed and new methods adopted. We are to achieve the great work of world construction, a large share of which inevitably falls upon the United States. There is just one other disturbing element entering into the situation, and that is politics; for it must be remembered we are approaching a Presidential election, and the new issues afford excellent campaign material for those with political ambitions. Nevertheless, every energy should be bent toward a single end; that of setting the world in order and hastening readjustment to sound conditions.

President Wilson is doing his utmost to hasten ratification of the treaty, and with some success. No treaty probably was possible that would satisfy in all respects, but the Paris Conference may have secured the best settlement that could be procured at the time. To renege on the treaty would be a step backwards, placing the United States in an unenviable position before the whole world. As a nation we cannot shirk some undesirable responsibilities which circumstances and our great future have imposed upon us. Next to the peace treaty the labor problem is the most pressing. Though the disposition of the conservative element in labor to go slow is encouraging, it would be a mistake to assume that the crisis is over. The radical element encouraged by past successes is still running strong; and unrest will not subside unless reason regains the way, or until there is a halt in the rising costs of living. But how is it possible to reduce the cost of living in the face of rising wages and shorter hours? The only possible way of reducing prices is to increase the product. This, labor with few exceptions, refuses to do. Until labor leaders and their followers realize the utter impossibility of securing what they want on present lines there can be no change for the better. Neither President Wilson, Premier Lloyd-George, nor any other man however powerful, can indefinitely defy the laws of nature. The law of supply and demand, of these laws, it is wrought deep into human nature and is among the most inexorable. It may be set aside temporarily, but has always asserted itself ultimately; and the longer its forces resist the greater the flood when the dam gives way. The next few months will bring important events in

Did You Know
That epsom salt, or sulphate of magnesium, occurs in the waters of mineral springs at Epsom, Seidlitz and many other places? It also occurs as an efflorescence on the surface of various rocks and on the ground in some parts of Spain and the Russian steppes. It is sometimes found snow-white and very pure, and is sometimes discolored by impurities, and it is either in the form of fine thread-like crystals, or in crusts, flakes, or granules.

The Pessimist.
Once there was a certain fellow Who was known to be a grouch, With a visage long and sallow And a gate that's called a slouch. Who kept growling every minute That the world looked gray and grim, And that all the people in it Seemed to have it in for him.

He could never see the brightness Of the rainbow in the sky, Nor by chance could feel the lightness Of the breeze that passed him by. While the shades of gloom would hover Everywhere his footsteps led, And at night dark clouds would cover All the starlight overhead.

No kind word by him was spoken. Neither formed his friendship's bond, Never till life's tie was broken And his soul went out beyond. And his saddest, brightest hour Ever spent by him while here. Was, when someone placed a flower As a joke, upon his bier.

CHANGE YOUR MIND.

(Columbus Citizen.)
If you brag that, after you have made up your mind, you never change it, you boast that you are standing still. Things are happening with a rush in the world these days. Forces long invisible are becoming visible. Institutions are being shaken. We have seen, for example, the fall of the monarchistic ideal, after centuries of unchallenged power.

If you judge people by first impressions, and hang with build-up stubbornness to your judgments, you are certain to make mistakes. Welcome the new idea, whoever presents it to you. Check it up with your old ideas and with your experience and knowledge. Don't be afraid to say to the other fellow, "You're right; I'm wrong." Don't be afraid to think!

KEEPING UP CAMP SHERMAN

(Ohio State Journal.)
There is a congressional committee at work to determine whether Camp Sherman shall be retained as a military post. We say not, for the sole reason that he will not need so much military in the future. If this country cannot be maintained except it is held up at the point of the bayonet, then, as old General Banks once said, "let the 'Union slide.' The true way to maintain a nation is to cultivate its self-respect and the love of the people. When the critical times comes, as it did in 1917 and 1918, then enough men will respond to the brave duty ahead of them. If the preservation of the camp was determined only by choice of places, then Camp Sherman should have the inside track. The people of Chillicothe and Ross county are the salt of the earth, and if the continuation of the camp as a military post is agreed to, then they should be favored.

BIRTH RATE IN FRANCE GROWS

August Births Nearly Double That in 1918.—Year's Record Lower Than In Pre-War Days.

Paris, Aug. 20.—(By Mail.)—France's declining birthrate has lately been a source of much concern but a distinct improvement has been noticed during the present month.

Evidence of a great decline in births in 1918 was shown in official figures for the district of the Seine which includes the city of Paris, which showed that there are only 43,480 births registered in that district in 1918 as compared to the 73,599 in 1917.

The infantile death rate given by statistics is 40 per cent as compared to 10 per cent before the war. This has been attributed to the scarcity of wet nurses and poor quality and shortage of milk for bottle-fed babies. This shortage is said to be due to the tremendous increase in cheese making, especially in Normandy.

However all the maternity hospitals in Paris reported increased births thus far in the present month. In one hospital the number has doubled those of last year and it is declared that babies are remarkable for size, weight and general health. A new periodical entitled Marriage has just appeared. It announces that it will devote itself to the question of the repopulation of France which is generally recognized to be one of the most urgent problems of the day. It asks its readers "what means should be adopted to combat the present matrimonial crisis in France?"

MANCHESTER GETS STATUE OF LINCOLN

Manchester, England, Sept. 15.—"While our entry into the great war was belated and we feel excusably so, it will not be claimed that we failed to play a manly part after we were in." Said Judge Alton B. Parker of New York, the chancellor of the Sulgrave Institution in presenting George Grey Barnard's statue of Abraham Lincoln to the city of Manchester today.

"Moreover, we know at the outset that if we agree to act in a definite way and work together, we can help keep the peace of the world. We also know that the pledge of both nations will be kept."

The statue was the work of George Grey Barnard and was presented to the city by Mr. and Mrs. Chas. Phelps Taft of Cincinnati. The merits of this statue and those of the St. Gudens Lincoln, both of which were planned for erection at West Minister and London, caused an extended controversy some time ago.

The St. Gudens statue was finally placed in West Minister and the work of Barnard was given to the city of Manchester. The statue is of bronze, 14 feet high and stands on a rugged base of Peter-head granite.

M. E. MINISTERS NOT PLACED BY CONFERENCE

A controversy has arisen in the state conference of the M. E. church at Columbus and the announcement of the assignment of pastors has not been made, although scheduled for noon today.

Dr. L. C. Sparks, as announced, delivered his closing sermon yesterday, expecting to be transferred to another charge. However, the problems confronting the conference have made his assignment an uncertainty.

Columbus, Sept. 15.—The state department of banks and banking today issued a call for the condition of all state banks at the close of business Friday, September 12.

STATE OFFICIAL TO WITNESS FIRE TESTS

Mayor Atherton has received assurance from Col. C. E. Sellers, chief of the rating bureau of the department of inspection in the state insurance offices, that he will have representatives here tomorrow afternoon to witness the demonstration of the new fire fighting apparatus of Central station, which will take place in South Fourth street.

Representatives from a number of Ohio cities are expected to be present to also witness the work of the apparatus and a reception will be held at Central station during the afternoon. Punch and wafers will be served and Gamble's Saxophone quartette will furnish music.

ASKS C. OF C. HEAD TO DELIVER ADDRESS

President W. W. Davis, of the Chamber of Commerce, has been asked to deliver an address at the open house at the central fire station tomorrow. The invitation was extended to Mr. Davis as president of the chamber and coincident with that was the fact that he was the first signer on the petition recently submitted by the citizen's for improved fire apparatus.

Mr. Davis however had a previous engagement at Akron, and at the request of the board of the Chamber of Commerce, appointed C. Harrington Davis to represent him.

HONDURAS NAMES PROVISIONAL PRESIDENT

San Salvador, Republic of Salvador, Sunday, Sept. 14.—Dr. Francisco Do-gran has been named provisional president of Honduras, pending the present election of a permanent president. United States minister at Tegucigalpa, is reported to have sent a rather strong note to the revolutionary leaders, asking them to concentrate their forces in Tegucigalpa under the leadership of General Lopez Gutierrez and depend upon the patriotic citizens of Honduras to unite in support of the government.

NEWARK PATROLMEN MAY FORM UNION

An effort is being made by a local organizer to have the city patrolmen take out a charter and form a union of police officials, which later would be affiliated with the American Federation of Labor. It is said that a number of patrolmen have signified their intention of signing the application for a charter while others have refused.

THIEVES GET \$160 WORTH OF WHISKEY

Thieves broke into the cellar of August Meier, 300 Madison street, Saturday evening about 10 o'clock, and carried away a full case of Guckenheimer whiskey and a part of another case which Meier had stored away after the state went dry. Mrs. Meier heard the noise in the cellar but thought it was her husband locking the door and paid no further attention to it. The stolen liquor was valued at \$168.

BURGLARS GET \$4000.

Columbus, Sept. 15.—Burglars obtained \$4000 from the safe of the C. E. Burkhardt grocery near the center of the business district some time between Saturday night and this morning, when the robbery was discovered with the opening of the store. They left no clue.

TWO PARLIAMENT MEN POPULAR

Sir Robert Horne and Lord Cecil Pointed Out As Outstanding Figures In Politics.

London, Aug. 20.—(By Mail.)—In the opinion of the man in the street, the outstanding figures of parliament are Sir Robert Horne, Labor Minister, and Lord Robert Cecil, who sits on one of the green leather benches in the House as an ordinary member.

Sir Robert Horne, whose character may best be described by the nickname his friends have given him, "Hail Smiling Horne," gave up a law practice worth \$10,000 a year at the Scottish bar to become a member of the government at \$10,000. He won the confidence of labor in "numberless conferences, and recently has been responsible for the firm handling of the labor situation when the apostles of "direct action" gained the upper hand among organized workmen.

Lord Robert Cecil is described by his friends as an "old member in a new coat," and since his return from the Paris peace conference has been adding almost daily to his reputation. They call him the "mystery man" of Parliament. Once lorded upon as the type of Tory aristocrat in politics he now seems ready to outdo the democrats in democracy. Among his followers is a large band of enthusiastic young Unionists, and the labor men hail him as one after their own heart. Everybody is asking what party will he lead, which way will he turn.

Two other men are pointed out as having added much to their reputations—Sir Donald Maclean and J. R. Clynes. Sir Donald led the lone little band of Independent Liberals through the trying times of the session. At times he showed such qualities of leadership that some of the correspondents are of the opinion that he has given full hope to a party which no longer desires the return of Mr. Asquith to its leadership.

Mr. Clynes made a reputation as food controller before entering the House, and since that time has been looked upon by the labor party as their most reliable leader.

TWO ITALIANS KILLED IN RESTAURANT FIGHT

Philadelphia, Pa., Sept. 15.—Two men were killed and two others injured in a clash among Italians in a restaurant in the southern section of the city early today. Police are of the opinion that the shooting is a renewal of a "black hand" war which was waged among factions here and New York city since last October.

ALARM WAS FALSE.
The Central fire department was called to Hudson avenue and Wyoming streets about noon and upon arrival there found that two one knew of any fire in that vicinity. The call was traced to Mullen's grocery and the proprietor in the southern section of the city the store heard any one call the fire department. Chief Bausch issues a warning that any one caught in sending in a false alarm will be prosecuted and severely dealt with.

Mary Pickford Tonight.

A pet kitten afflicted with fits, instructions in toughening the shimmie dance, a method for establishing amicable relations between Ireland and Jerusalem, how to catch crooks with a milk bottle, how to shock a butler with a powder puff—these are a few of the comical situations in "The Hoodlum," Mary Pickford's second production from her own studios, which will be seen commonplace today at the Auditorium.

As Amy Burke, Miss Pickford has an unusual role. She is first seen as a spoiled granddaughter of the very wealthy Alexander Guthrie. Billie, a private tutor with sheet-rim glasses, are a few of her possessions.

Then, in order to live with her father who is determined to write a book on sociology and incidentally to live among the poor, Amy, partly informs her granddad that there is no chance for her

son who has no training at all. The stock company is the best school which can be found in the country today, and characterization still it does give the student the opportunity to study and see the result certain intonations and gestures have on audiences. Getting to know the temper of an audience proved my greatest difficulty. Finding our audience and forcing response from it is one of the great secrets of winning success.

Sousa Is Never Tired. Every minute of the time that he can spare from his horseback riding or during concert intermissions is spent by Lieutenant John Philip Sousa in putting the finishing touches to his latest novel, to be published within a few weeks.

However, it is hardly correct to say that Sousa devotes himself completely to his novel, for he has occasional per-

to visit Europe with him; she is going to live with her father.

Life for Amy in the tenements seems one long siege of degradation. While her grandfather is supposedly visiting the crowned heads of Europe, Amy is watching the crowned rats of beer being distributed in Croighen street.

Among those whom Amy meets in the tenements are Dish Lowry, a little chap with an appetite for hard-boiled eggs, Wm. Turner, a struggling artist with a just not as black as it is painted, and Peter Cooper, a wealthy old recluse, whom Amy tries to "frame" for a crime. How Peter Cooper serves as the medium through which a reconciliation among the Burke family is effected and how the struggling artist aids Amy in cracking her grandfather's safe and steals her heart is a most comical end to this production, which bids fair to break all records at the Auditorium the atre for three days.

young woman who has made her way on the stage by careful study. Players are often asked about how to get on the stage, and how to succeed after they have managed to secure an engagement. It seems a question which is always being asked by folks outside the theatre. The inevitable question was put to Miss Carpenter and the interviewer found the young lady had very definite and set ideas on the subject of her profession. The only and practical way for one ambitious to learn the ways of the stage is to "act," said Miss Carpenter. The various schools of acting may be well enough in their way, but my observation of their graduates has been that they are harder to fit into a role than a per-

son who has no training at all. The stock company is the best school which can be found in the country today, and characterization still it does give the student the opportunity to study and see the result certain intonations and gestures have on audiences. mus later realize that their fake robbery has become a real one.

The Hilton family are obliged to discharge their servants and carry out the ideas of self-serving which Patience has adopted so ably.

Mrs. Hilton cooks and burns dinner. Patience scrubs floors when she is not washing dishes or laboring in the garden. In this way she learns what poverty, after all, is not filled with joy.

Indeed she has encountered a boomerang, and becomes disgusted with her pet theory. She now is convinced that poverty is something to be avoided and regrets her rash move to achieve it.

She longs to return to her life of wealth and ease, even if it does mean fluff and pink toes.

Luckily for Patience, Hail Thompson, her staunch lover, comes to her rescue. He goes in search of the bogus policeman who stole the Hilton fortune, and, with the aid of Patience, trails them to their lair. So the Hilton fortune is restored to its rightful owners and Patience no longer is obliged to scrub floors, wash dishes and carry produce to market. Instead, Hail Thompson heaps new and more pleasant cares upon her shoulders, by asking her to become his wife.

Half of the fun of “Cheating Herself” lies in the story. But the bigger and better half is Peggy Hyland, Peggy is seen at the Alhambra today and to morrow.

GRAND Today.

The final showing of the Select company's film “Fugitives of the North” with Mitchell Lewis in the leading role will be at the Grand theatre this evening. This picture attracted capacity crowds at the Grand yesterday when it was well pleased. The added feature on the program is Fatty Arbuckle in “Fatty and the Bathing Girls.”

“The Third Degree.”

“The Third Degree,” when produced on the speaking stage as one of the

greatest dramatic triumphs of the late Charles Klein, had a mission higher than thrilling a million theatregoers.

With its tremendous dynamic scenes, its mission was to end the evils of the then prevalent police investigation known as the “third degree,” under which by exquisite physical and mental torture confessions to crimes were extorted from hapless victims, regardless of their palpable innocence.

The drama by its compelling force, quickly tore away the veil shrouding the viciousness of such a system and lead swiftly to far-reaching reforms.

Victims of the screen version, with Alice Joyce starred in the role of Annie Sands, backs none of the grouping intensity of the stage play.

The picture together with Kingmills will be shown at the Grand Tuesday, Wednesday and Thursday.

Dick Hulse, the funny fat man is the chief feature with this show, and he is surrounded by a bevy of winsome chorus girls, and capable singers and dancers.

GEM.

From a gentleman of wealth and social standing to a longshoreman is something of a slide down the scale of life. William Farnum not only takes the slide, but he fights his way back, in the William Fox photoplay, “The Man Hunter,” which will be shown at the Gem today.

HUNT CAPTAIN AND CREW OF STEAMER

Savannah, Ga., Sept. 15.—Search was being made today for Captain Moon and 11 men of the crew of the steamer Burnstable which went down in a North-east gale off the Georgia coast Saturday night four and a half hours after springing a leak. Fifteen members of the crew, after an all night battle with rough seas succeeded in landing in one of the ship's small boats at St. Catharines Islands.

Chicago Grain Review.
Chicago, Sept. 15.—Corn values continued today to descend notwithstanding such bullish factors as the postponement of the steel strike and an upturn in the price of hogs. Opening prices, which ranged from the same as Saturday's, finished 1 1/8¢ lower with December 1 1/8¢ to 1 1/4¢ and May 1 1/8¢ to 1 1/4¢ were followed by slight rallies and then by a material setback all around.
Oats were easier in sympathy with corn. After opening unchanged to half cent lower, including December at 66¢ to 66 1/2¢ the market recovered somewhat but then sagged.
Provisions reflected the weakness of grain.

Pittsburgh Live Stock.
Pittsburgh, Sept. 15.—Cattle: receipts 2,850; steady. Steers, \$15.50/16¢; heifers, \$14.75/15¢; cows, \$8.50/9¢.

Sheep and lambs: receipts 7,500; steady. Top sheep, \$11.25; top lambs, \$16.00.
Calves: receipts 800; steady; top, 22.50.

Cincinnati Live Stock.
Cincinnati, Sept. 15.—Hogs: receipts 6,400; lower. Selected, heavy shippers, \$17.25/17.50; good to choice packers and butchers, \$17.50/17.75; medium, \$17.50/17.75.
Cattle: receipts 1,200; slow and weak. Shippers, \$11.13; butcher steers, extra, \$11.50/12.50; good to choice, \$10.50/11.50; common to fair, \$7.00/10.
Sheep: receipts 2,100; steady. Good to choice, \$7.00/7.50; fair to good, \$5.00/7.00; \$2.00/2.50; fair to good \$14.00/17.00; common to fair, \$7.00/13.

Wall Street.
New York, Sept. 15.—The reported decision of the organized steel workers to postpone the national wide strike or der set for September accounted largely for the materially higher level of prices recorded at the opening of today's stock market. United States steel gained only one point but among steel equipments, oils, motors, shippings and tobacco advances extended from 2 to 5 points. Reading and Texas and Pacific were the only railroad issues to display marked strength. Oils and equipments recorded further advances before the end of the first half hour.
Prices forged steadily ahead during the first hour, easing slightly at noon. The market was further stimulated by the greater strength of United States steel which increased its gains to 2

CALL MEETING SEPT. 20 FOR GOOD ROADS COUNCIL

A meeting of the good roads committee of the Chamber of Commerce was held Saturday afternoon at the Chamber of Commerce for the purpose of organizing a good roads council. The committee is composed of Fred C. Evans, T. C. Jure and A. A. Stasel.

The matter of a council was discussed and a call is being sent out for a meeting to be held Saturday, September 20, at 2 o'clock at the Chamber of Commerce for the purpose of effecting an organization. The Rotary club, Kiwanis club, Johnstown community club, have been asked to send representatives to the meeting, and representatives of the Auto club, the postmasters of the county, the county and city school boards, the grange, farm bureau and Chamber of Commerce will be present and a representative man from each township.

Good roads councils have been organized in a number of the counties of the state for the past two years and have been most successful in co-ordinating all organizations for road work. The council will mean the maintenance and development of roads and will co-operate with the county commissioners on road problems.

21,400 ATTEND LICKING FAIR

Receipts For Three Days More Than \$10,000, Treasurer Reports—Weather Was Good.

O. G. Warrington, treasurer of the Licking county fair, stated today that he was highly pleased with the attendance during the week and on account of the liberal patronage the fair board will have several thousand dollars to its credit after all expenses have been met. Treasurer Warrington stated that he sold 1,200 admission tickets Wednesday and the number would have been doubled if it had not been for the inclement weather, 8,200 Thursday and 12,000 Friday, a total of paid admissions of 21,400. With the sales in the quarter stretch and grand stand and membership tickets he will have over \$10,000 to turn over to the society.

It is the first time in years, Warrington stated, that the society had made any money with the exception of 1917, owing to the fact that it usually rained one or two days but he believes that the "hoodoo" has been lifted and the society will take its place as one of the principal agricultural fairs in the state.

The fair officials also give County Agent Mowls and County Superintendent of Schools N. D. Wilson and City Superintendent O. J. Barnes much credit for the interest they took in the fair this year and helped to make it such a pronounced success.

AMERICAN LEGION TO MEET THURSDAY

There will be a meeting of Newark Post 85, American Legion, Thursday evening at 7:30 o'clock at the G. A. R. hall to adopt a constitution and bylaws and also to elect delegates to the state convention at Columbus to be held October 7 and 8.

The number of delegates elected will depend upon the number of members who have paid their dues and memberships. Promoters of the chapter urge that all ex-soldiers and soldiers and marines come prepared to do this as a large representation can be sent from the local legion. All who pay up before November 11 become charter members.

FLINT MAN JOINS NEW MEYER-LINDORF CO.

Lewis Allen, who for several years has been buyer for Herbert M. Bush department store of Flint, Michigan, has just arrived in Newark to act as buyer and manager of the ready-to-wear department of the new Meyer-Lindorf company. Mr. Allen's association made his departure a loss to the Flint store and the employees of his department presented him with a diamond stick pin on his departure.

Mr. Allen's arrival is a part of the plan for the enlarged personnel of employees for the new store.

MEYER & LINDORF TO CONTINUE OLD STORE

When the Meyer-Lindorf company opens its new store in the Hull building it will not mean the closing of the store on Second street.

The store there will be the old store of Meyer & Lindorf and continues under that management. The Meyer-Lindorf company's store will be known as "Newark's Big Store."

No date has been announced for the opening.

CAN'T FIND LYNCHERS OF MEX. MURDERERS

Pueblo, Colo., Sept. 15.—Efforts of the authorities have failed to develop any clue to the identity of members of the mob that lynched Jose Gonzalez and Salvadore Ortiz Saturday night.

There is no excitement whatever following the lynching. Gonzalez and Ortiz, who examined by the police Saturday declared that they were natives of Mexico and that they had never applied for citizenship papers in the United States.

One of the Exclusive New Wooltex Suits —A Few of Which We Are Now Showing

FORTUNATE indeed is the woman who secures one of these distinctive Wooltex Suits this Autumn; when style is more a matter to be trusted to the maker than to any definite knowledge you yourself have.

In catching the spirit of the new style lines, Wooltex Tailor-Mades have established an enviable position in the world of fashion. That you may secure the very smartest Wooltex tailored style is evidence of our careful understanding of the tailored garment situation today.

Quality is difficult to find unless you know where to look for it. That is the reason our tailored Suits and Coats bear the Wooltex Tailor-Made trademark—a name that guarantees you the finest fabrics, the most careful workmanship and designing that "stays in style" for a long period of wear.

Smartly Tailored of Duvet de Laine—
A Distinctive Wooltex Suit—Style 5490

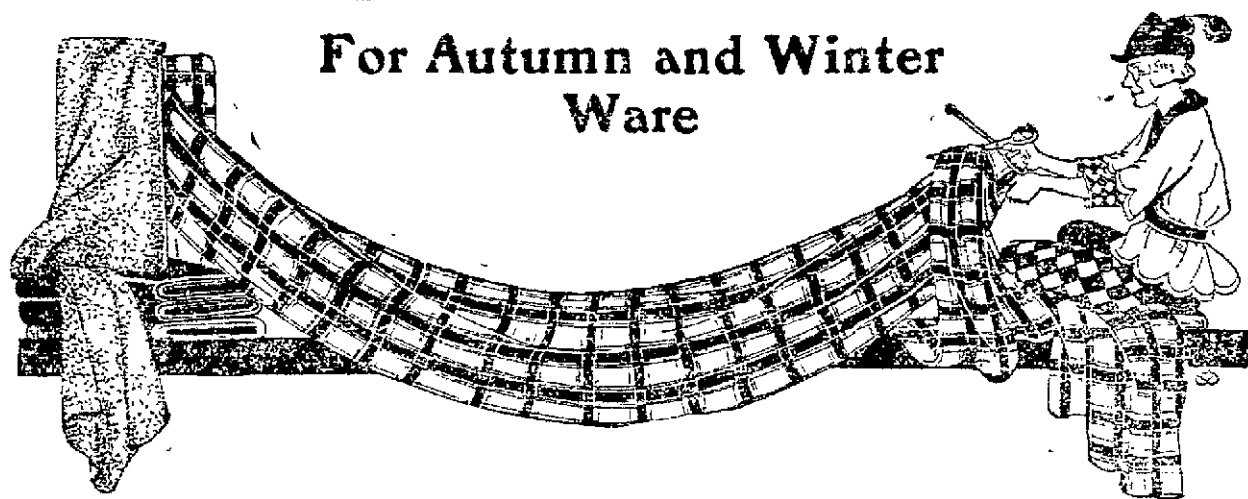

Surely tucks never accomplished more effective trimming than on this Wooltex Tailor-Made Suit of Duvet de Laine. The narrow bands of fur on collar and sleeves are likewise new, also the tuck edged back panel.

PYTHIANS PLAN JUBILEE MEETING

Fiftieth Anniversary of
Newark Lodge Will Be
Observed On Wednesday
With Program.

The golden jubilee and 50th anniversary of Newark Lodge No. 11 Knights of Pythias will be held in the Pythian castle Wednesday, Thursday and Friday. A splendid program has been arranged for the entertainment of the Knights.

Newark lodge was instituted Sept. 15, 1869 with eleven charter members, and today it has 776 members enrolled and is the largest lodge in the state and is known as the Perceps of Ohio.

MEXICANS ASKED NOT TO OBSERVE HOLIDAY

Pueblo, Colo., Sept. 15.—Mexican residents of Pueblo were advised today by Adelaido Ortiz, Mexican counsel in Denver to refrain from celebrating the independence of Mexico from Spanish rule. This was the only action by the consul in connection with the lynching here Saturday night of Jose Gonzales and Salvador Ortiz, Mexicans following their murder of Patrolman Jeff Evans. Consul Ortiz said he was awaiting instructions from Mexican Ambassador Donillas at Washington.

GRAND CIRCUIT RACE MEET OPENS TODAY

Columbus, Sept. 15.—The fall meet of the grand circuit races in which more than 350 horses are named for the two weeks' event, is scheduled to open here this afternoon.

EDITORS AND REPORTERS STRIKE IN NEW HAVEN

New Haven, Conn., Sept. 15.—Three afternoon newspapers here today prepared to issue their editions under unpropitious conditions, a strike of newspaper writers having gone into effect on these publications following a strike on the Morning Journal Courier last midnight. Managing editors and editorial writers who were not members of the newly formed News Writers Equity association took up duties at city desks and copy readers while the places of street men were filled by substitutes.

It follows refusal of publishers to increase wages of street and desk men. The evening papers are the New Haven Register, Times Leader and The Union. Proof readers on the papers did not strike as they are not regarded as part of a news writing staff.

SMALL COINS SCARE.
London, Aug. 25.—(By Mail.)—"Factioning" by London bankers of pennies and halfpennies is expected to end the vacation period as the mint is working steadily. The scarcity of copper coins is a puzzle to mint officials. Most of them probably have been distributed in France. The farthing vanished long ago.

President Wilson has nominated Miss Florence M. West as receiver of public moneys at Pueblo, Colo.

COLUMBUS MAN ENJOYED FIRST MEAL IN YEARS

Been a Victim of Indigestion and Gastritis; Had Severe Pains in Stomach After Meals.

CONSTITUTION RELIEVED.
Former Police Officer of Dayton, Now Residing Here, Declares the New Medicine Drego, is a Wonder.

"The dinner I ate yesterday was positively the first meal I've really enjoyed in years," are the words of Mr. Charles Johnson, who resides at 1367 East Main St., Columbus, O. Before coming to this city Mr. Johnson was a police officer in Dayton, O., and was highly esteemed by the officials of that city.

"I suffered agonies from indigestion, gastritis, that full bloated feeling after meals and constipation," he continued. "I could not sit down to a meal and enjoy it for I knew what was to follow. I had taken medicine for my ailment, but they seemed to irritate my stomach instead of easing it."

"I read in the papers of this new herbal juice remedy, Drego, and went immediately and secured a bottle. It seemed to fit my case exactly, for it soothed my stomach very quickly. After a week's time I am able to eat my meals and suffer no ill effects at all. The fullness has ceased to trouble me. My bowels are no longer constipated, but act regularly every day. I noticed also that Drego acted on my kidneys, for a dull, tired feeling I formerly had, has left my back entirely. I take pleasure in recommending Drego, for I am convinced it is good medicine."

Drego is a combination of the juices and extracts of many herbal plants, which act on the stomach in aiding the food to digest to keep the bowels moving as Nature intends, strengthens the kidneys, induces sound sleep, increases the appetite, rouses a sluggish liver and banishes catarrh and rheumatism from the system.

All good druggists now sell Drego and it is highly recommended in Newark by Evans' Cut-Rate Drug Store.

"A Wonderful Medicine," Reports This National Harvester Man.

R. S. Story is connected with the National Harvester Co. at Springfield, O. This is what he said to Springfield's Nerv-Worth druggist not long ago:
"The Troupe Drug Co.—For a year or more I have suffered severely from rheumatism, pleurisy and sciatic pains. They affected my shoulders, back and legs. Muscles would get painful and drew up my legs. Stomach and digestion in bad condition. Sour stomach and would belch up sour matter. I could not find anything to relieve these ailments until I purchased a bottle of Nerv-Worth which I took regularly, as directed, and I can say now that I AM ENTIRELY RELIEVED of these pains. Stomach and digestion in fine shape. It proved in my case to be a wonderful medicine and I most cheerfully recommend it."
